

## Sykes-Pickavant announces New Sales Appointment

As a result of its continued sales growth in the UK aftermarket and the recent expansion of its sales team, Sykes-Pickavant is pleased to announce the appointment of Dave Noon as National Sales Manager.

Welcoming Dave's appointment, Paul Archer, Managing Director of Sykes-Pickavant comments: "During the four years that Dave has been with the company, he has gained an extensive knowledge of the industry, our product range and customer base and so it was a logical step to appoint him as National Sales Manager and lead the sales team going forward. Not only will this new role help to manage the growing sales team, we can continue to maintain high quality relationships with all of our customers, as well as keeping them informed of our latest products and innovations".

### **About Sykes-Pickavant**

Since 1921 Sykes-Pickavant has been manufacturing and distributing a comprehensive range of service tools with numerous applications in the field of automotive and general engineering maintenance and repair work. These service tools form an essential part of any repair shop, factory and rural maintenance facility.

Building on a long standing reputation for supplying practical, time saving products to trade and industry, Sykes-Pickavant has been established as a brand that offers the highest quality products and real value.
